"This past year has been challenging for everyone, and we want to help families make magical memories again, safely, through a beautiful, immersive holiday experience," said **Brooke Dickenson**, public events manager at the Oregon Garden Resort. "We have more lights and a longer walking path than we've ever had, so to say it's going to be an impressive year is an understatement."

The light experience will begin beside the Oregon Garden Resort, winding around the main lodge and along the entire length of the Resort property, with the German vendor market and snowless tubing hill in the center, before winding back across the property along intimate trails, draped in lights.

“Last winter, we moved our event to the Oregon Garden Resort property to keep it more contained due to COVID-19, and with the great feedback we received we’re excited to continue with that layout, while making the path more than twice the length, ” said Dickenson. “We kept hearing how guests loved walking around the corner and being met by a grand castle adorned in lights, or a whimsical twinkling farm. This display is incredibly immersive, intimate and magical.”

This event has become a beloved family tradition over the past decade, but it was not always called the Silverton Christmas Market. Last winter, the event was Lights at the Oregon Garden Resort and prior to that, the event was held in The Oregon Garden’s Rediscovery Forest as Christmas in the Garden. Since the Resort’s parent company, Moonstone Hotel Properties, no longer manages The Oregon Garden, the event now resides on the grounds of the Oregon Garden Resort. This has been a positive change for the event, bringing a longer and more intimate walking path, a one-way path to ease the flow of traffic and varied landscaping to make one million lights even more spectacular. The new Silverton Christmas Market aims to focus on its German heritage and gathers inspiration from authentic German Christmas Markets, with collectible mugs; traditional lebkuchen (gingerbread

hearts) and gluhwein (mulled wine); artisan vendors; a booth selling imported handcrafted German nutcrackers, smokers and ornaments; and a light section dedicated to Krampus - the wicked German counterpart to St. Nicholas.

"If you have attended Christmas in the Garden in the past and loved it, you are going to be mesmerized by the Silverton Christmas Market," said Dickenson. "Although there will not be an ice rink, we will have exciting activities like the snowless tubing hill, the Biergarten, live bands and carolers, and many of the displays you know and love, along with some new ones. Overall, it will be a better layout and guest experience. We're really excited about this year!"

The Silverton Christmas Market aims to support the community of Silverton through donations to the school district, local non-profits and discounted admission for Silverton residents to experience the magic.
