Wonderful Hotel and Great Location

"I stayed at The Kimberly Hotel for one night and the hospitality was more than excellent. The Hotel is really beautiful the design gives you the 'Luxury New York' vibes. The location is also excellent as the hotel is at Midtown between the 3rd and Lexington Avenues.

The suite was really spacious and luxurious with a balcony to enjoy the amazing Manhattan views. Everything was spotless in the room.

The Staff is very friendly and helpful and went the extra mile with any of my requests.

I especially loved the Rooftop which is really nice with excellent breakfast and the view is unbeatable.

In general, my experience was more than excellent and beyond my expectations and I would definitely return back when visiting New York in the future."
