Round Hill Hotel and Villas

New On-Property Testing, New Virtual Wedding Amenities and New Digital Services in 2021

Guests of the resort can now take advantage of onsite COVID-19 testing services, new virtual wedding amenities to complement redesigned socially distanced safe weddings and celebrations, and a new mobile app designed for seamless no-touch service and information browsing.

Get Tested On-Property

Round Hill has partnered with a preferred health centre to provide guests with a safe, easy and painless COVID-19 testing experience at the resort. Antigen tests are administered by a local medical practitioner, with results made available in 15 minutes. PCR tests are also administered on-site, with results returned within 48 hours.

Both tests are available daily between 10:30 – 11:30am with a cost of US\$100 per person for Antigen tests and US\$200 per person for PCR tests. Reservations are required in advance and appointments can also be arranged outside of this time period for an additional US\$100 consultation fee. More information on testing procedures and travel guidelines can be found at [here](#).

Romantic Celebrations Enhanced

Remaining the quintessential Caribbean wedding destination for couples seeking to marry or remarry in paradise, [Round Hill](#) has unveiled new virtual wedding packages allowing for extended gatherings through a hybrid in-person/virtual format. With more intimate group sizes attending a wedding on-site at Round Hill, couples can take comfort in inviting up to 100 additional virtual guests to participate in the festivities, utilizing an array of high-tech amenities that will make them feel as if they are there. Additionally, Round Hill welcomes LGBTQ couples to hold memorable commitment ceremonies at the resort.

The new virtual wedding packages will join enhanced wedding programming on-site, with new and updated safety protocols aligned to the resort's latest Health & Safety Program. No matter the size of the celebration, the resort ensures a safe environment while preserving its magical atmosphere. Round Hill only hosts one wedding per weekend, promising proper social distancing

and exclusivity for guests. All staff members are equipped with full PPE and sanitizer is available for all guests during the event, amongst other protocols. Couples are assisted by a seasoned wedding coordinator who will ensure every detail is flawless and beautiful but safe.

Couples interested in hosting their wedding or romantic celebration at Round Hill can take advantage of several signature packages, offering a range of services and amenities that ensure every aspect of the event is accounted for. Information on available packages can be found at [here](#).

Round Hill is pleased to debut its new mobile app, accessible on all smartphone devices. Designed to enhance guests' vacation experience, the app features conveniences including pre-arrival concierge services, express mobile check-in options, contactless service requests on-demand and more. Guests can also find important health & safety information, access a selection of digital newspapers and magazines at their leisure and send digital postcards, among other features. The app can be downloaded in the Google Play Store and Apple App Store under "Round Hill Hotel and Villas."

Guests interested in booking a stay at Round Hill can visit www.roundhill.com for more information, as well as for additional packages including the new [Home Away From Home](#) extended stay offer and the [Ultimate Private Luxury](#) package in partnership with evoJets.

Round Hill encourages travelers to log onto www.visitjamaica.com to access the latest travel authorization requirements to enter Jamaica. Guests may also read about Round Hill's Enhanced Health & Safety Program at www.roundhill.com/health-safety.html.

Sounds of The Caribbean and Latin America from Sunrise to Sunset.

Like most travelers, the Marriott International Caribbean & Latin America team has been daydreaming about future travel and reminiscing on past travel memories. Travel embeds memories unlike any other experience and many of us have spent the past year trying to supplement these memories in unique ways. One way that we have relied on is sound, which is why Marriott International properties across the Caribbean and Latin America wanted to inspire travel through a soundscape audio journey. Kindly find an original playlist linked [here](#) featuring distinctive sounds from across the Caribbean and Latin American region.
