Your Hidden Sanctuary

Deep in Langkawi's ancient rainforest, a private road will lead you past a pair of gates and into your luxury escape: The Saujana Private Villas. Overlooking Datai Bay and the Andaman Sea, the spacious villa compound showcases elegant Malaysian coastal architecture and invites pavilion-style living.

The property is situated in Langkawi Geopark and surrounded by the sights and sounds of wildlife that inhabit this unique ecosystem. Flying squirrels jump from tree to tree, while monkeys, hornbills, and eagles continue with centuries-old habits within the pristine environment.

Originally built alongside The Datai Langkawi for owners' and friends' use, the Saujana Private Villas are now a standalone property ideal for tranquil seclusion. The Datai's beach is accessible from the villas, as are the spa and restaurants at The Datai and The Andaman. The villa compound itself features a private pool, dining area, and games room, for the ultimate exclusive getaway.

THE ELS CLUB
TELUK DATAI

The Els Club Teluk Datai, a golf course designed by Ernie Els, is one of the world's most uniquely captivating golf projects. The course meanders its way through a million-year-old rainforest, cascading down to the turquoise waters of the Andaman Sea, and is overlooked by the marbled limestone peaks of the Mat Chinchang Mountain range. It is a sight to behold, a pleasure to play and a luxury awarded to the select few.
