SKIN NEEDLING

FULL FACE TREATMENT | \$299

FULL FACE and NECK TREATMENT | \$349

A proven rejuvenation treatment where microscopic punctures to the epidermis stimulate the body's natural healing by breaking up old collagen strands in scars and wrinkles. Natural collagen then rushes to the site to heal, close and protect; this results in smoother, tighter skin. We love CIT for improving skin texture, firming and minimising fine lines, and reducing appearance of acne scarring.

LED THERAPY 40 mins | \$119

LED therapy is a non-invasive skin rejuvenation treatment that provides preventative and corrective treatment by using the entire visible light spectrum. This is a proven treatment to counteract specific skin conditions and combat the effects of cellular ageing. LED therapy uses wavelengths of light to create the perfect environment for each skin cell to flourish. Add on to any facial to get even better results for your skin concerns.
