

*life changing*  
**DECISIONS**

**SUSTAINABLE  
TOURISM**

*culture*

We support and help provide cultural, artistic, educational and economic growth activities in nearby and surrounding villages.

LA ANTIGUA

# PROYECTOS

Reforestation project for protected areas with  
*"Plantemos 1000 árboles"* organization.

Supporting the nursing home  
*"Fray Rodrigo de la Cruz"*

*"Cooking for Hope"*  
project for the education and training  
of residents of surrounding communities.

# ENVIRONMENT

By being located in a city designated as a World Heritage Site our responsibility for the care of the city is greater, for that reason we've taken extra steps to minimize the impact caused by our operations.

Help us protect the environment by following these simple tips:

Take shorter baths

Separate your trash by  
organic and inorganic

Unplug your electronic  
devices when they  
aren't in use.

Turn off the lights  
before leaving  
your room

Use reusable  
containers

# BUSINESS

Our recently integrated Sustainability Management System will help guide our company towards a more sustainable future. We will provide an unique experience to our guests and colaborates

## CLIENTES
