VILLAGE NEWS AND VIEWS FROM CLUB MYKONOS

ISSUE 2
SUMMER 2017

CLUB MYKONOS
LANGEBAAN

‘Meraki’ [may-rah-kee]

A modern Greek word,
difficult to translate into English.

Meraki is to do something with all your
heart and soul, creativity and love.

It is leaving a little piece of yourself
in everything you do.

SUMMER IS HERE!

Welcome to the Summer issue of Meraki, the quarterly magazine designed especially for the holidaymakers, timeshare holders and owners who spend time at Club Mykonos.

With a bright summer ahead of us promising long, leisurely days of fun, we have been out and about scouting the best entertainment for your whole family this festive season. You don't need to venture much further than our own Club Mykonos resort to discover a holiday paradise for kids (page 5), or check out the 'Top 10 Festive Season Events' on page 32 to experience some of the best markets, festivals, theatre and music that the West Coast has to offer.

The eagerly anticipated annual Mykonos Festival takes place on 15 and 16 December, and we had great fun interviewing the uniquely colourful Afrikaans band, the Jaloersbokkies, who will be performing at the Festival on the 15th (page 13).

The end of the year is a time when many of us sit back and reflect on the the past months, and we take the opportunity to look back on the fun-filled events that have taken place at Club Mykonos during the last quarter in the Event Review on page 26. We also take a walk down memory lane with our Boatyard's Nollies van der Merwe, who gives us some fascinating insights into his past and the development of the Club Mykonos Boatyard (page 28). Our interview with Clive van Groeningen of the Mykonos Casino celebrates his 30 years in the Gaming industry and his work with the West Coast Community Trust (page 36).

At the same time, this issue also takes us into the New Year, where we look forward to the

Mykonos Offshore Regatta that will take place in February (page 24) and the new Marina Edge Development that will start to take shape in 2018 (page 12).

Finally, we all need to remember that our beautiful province is in the midst of the most severe drought in a century, and we are making every effort to reduce our water footprint. We urge you to support us in our efforts by following the simple water saving tips on page 19. Enter our water saving competition on page 20 and stand in line to win a Boat Cruise for 4 with Elite Charters.

Wishing you all a healthy, happy festive season and a joyous start to 2018.

Tammy Lieberman

We've kept the format of our magazine small enough for you to pop into your handbag, so please feel free to hang onto this copy and take it home with you.

DISCOVER A KID'S PARADISE AT CLUB MYKONOS THIS HOLIDAY SEASON

At Club Mykonos we try and go the extra mile to provide family-friendly entertainment and loads of options for the kids. From swimming pools to games rooms, playgrounds, organized activities and child-friendly restaurants – we have combined all the ingredients that will give you a relaxing, hassle-free summer holiday and your children the time of their lives!

Here is a taste of what we have on offer for kids this holiday season:

MEET CHESTER THE DONKEY

Chester the donkey is BACK by popular demand this season! Bring your little ones to meet Chester and have a photo taken with as he gets settled in his new home.

CLUB ONOS

Our Kids Clubhouse, Club Onos, offers a safe place with well trained staff, where children can be independent of their parents in the secure environment of the resort. Club Onos is designed to make your child's visit to Club Mykonos truly memorable and is equipped with a spacious indoor jungle gym, a climbing wall, Playstation 3, a movie screen and an arts and crafts area. For the very little ones (up until age three) there's a special corner with play mats, a play kitchen, Lego, soft toys and toy cars.

WHAT'S ON

During the holiday period, Club Onos will be offering a jam-packed programme of activities. Some of the highlights include: arts and crafts, magic clown shows, Playstation 'Just Dance' competitions, 'pirates & princesses' nights, reptile shows, a kiddies' toga dress-up party, family movies, marshmallow braais and much more! Please check out the weekly schedule at the Clubhouse.

Age Requirements:

Children aged 0-3 years must be accompanied by a parent

Children aged 4-13 may stay without parents

No children over 14 years are allowed at Clubhouse

Holiday Times:

Open daily from 9am-9pm

CLUB KUDOS

We have recently launched Club Kudos, a new Club for Teens, which offers a range of different activities for teenagers over the age of 14. Club Kudos is equipped with Playstation 4, pool tables, an astro turf and relaxing indoor and outdoor areas. Club Kudos is the perfect place for teenagers to socialize and make new friends!

Some of the festive season highlights at Club Kudos will include: Live broadcasting, Teens social evenings, dodgeball, a 'glow in the dark' party, a variety of sports activities, Teens Amazing Race, yoga and pilates.

Holiday Times:

Open daily from 8am-10pm

THE MARINA

Kids can enjoy running around on the boardwalk watching the boats while you enjoy a family-friendly meal at one of the restaurants on the Marina. Grab a hearty breakfast at either Bouzouki or Dockside Cafe and a casual pizza for lunch at Little Venice.

GAMES ROOM AND SWEET SHOP AT THE MYKONOS CASINO

The VDM Games Room at Mykonos Casino offers a variety of 36 arcade games for kids between the ages of 6 and 17. There's also an enticing sweet shop in the Casino complex which is always a great source of excitement for the little ones.

The Games Room is open from Sunday to Thursday from 9.30am until midnight and on Friday and Saturday from 9.30am until 2am.

MINI GOLF

Our 9-hole Mini Golf Course at Marina Square is fun for the whole family. Clubs and balls can be rented from Marina supermarket. The course is open daily from 9am-8pm.

GIANT CHESS SETS

Kids can get a full body and brain workout when they play chess on one of the giant sets located on the resort.

SWIMMING POOLS

There's nothing better than spending a day in the sun, playing in one of the beautiful outdoor pools that are scattered across the resort. Wherever you are, there's a pool nearby, so please explore to find your favourite one. We also have a solar-heated indoor pool at the Health and Leisure Centre that is very popular with littlies who enjoy the warmer water.

SPORTS

The Health and Leisure centre boasts a number of fantastic facilities for sporty children and families. The multisport Astro turf is available to use for cricket, soccer and hockey and we have four indoor squash courts for either table tennis or squash. Racquets and balls are available to hire from the Leisure Desk.

ACTIVE ADVENTURES FOR OLDER CHILDREN

Older kids looking for a little more adventure can sign up to participate in some fun family activities such as quad biking and paintball at the Adventure Centre (located opposite the Mykonos Casino Parking area). Please note that minors must be accompanied by an adult.

Holiday Times:

Open daily from 10am-4.30pm
(weather permitting)

MEET THE TEAM

As our valued guests, we would like you to feel like part of the Club Mykonos family. In each issue of Meraki, we introduce you to a few of our special staff members so that you can get to know a little about the people behind the friendly faces you see when you visit our resort.

DINA GEYER SENIOR HOUSEKEEPER

Dina Geyer started working at Club Mykonos as a young woman in 1989.

Every evening during her first year, she would go home with aching feet and swear not to return to work the next day. 29 years later, Dina is still here and is our longest standing employee. In her role as Head of Housekeeping, she oversees a team of 120 employees whom she fondly calls her “children”. Dina’s day to day activities require exceptional energy, a passion for people and organizational skills (all of which she has in abundance) as she is ultimately accountable for ensuring that all guest units are kept beautifully clean and well serviced.

In her free time, Dina loves to spend time with friends or visiting her daughter, son-in-law and young granddaughter. Dina also has a lovely singing voice and is a committed member of her church choir.

What Dina loves most about living on the West Coast

Dina has a deep love of the ocean, the fresh fish and the West Coast summers. She compares Langebaan to a loveable baby – windy, wet and sunny!

Dina will retire at the end of May 2018 after 29 years of service at Club Mykonos. She will leave a legacy that will inspire those who follow in her footsteps and she will be sorely missed. We will be thinking of her fondly as she adventures around Southern Africa in her new car!

ALAN DEYZEL

OPERATIONS MANAGER

Another team member with a long service history, Alan Deyzel has been part of the Club Mykonos family for 15 years. As Operations Manager, he oversees all elements of the resort's operations with a focus on security, maintenance and housekeeping. Alan also plays a significant role in communications and event planning. Alan has a true passion for Club Mykonos, and can often be found on the grounds during his off time. He loves interacting with our guests and assisting them to ensure that they have the best holiday experience possible.

Alan is a self-confessed family man, dedicated to spending every available moment with his wife and grandchildren. Alan is at his happiest when family time can be combined with a good game of Stormers' rugby and a glass of fine whiskey!

What Alan loves most about living on the West Coast?

There is so much Alan loves about the West Coast – the 'fynbos' bushes that stay green through the winter and turn grey by the end of summer; the glorious, wet winters; the Lagoon which is a major draw card for tourists, and the "best sunsets in the west"!

JUANDR  FARMER

OWNER LIAISON OFFICER

Juandr  Farmer joined Club Mykonos as a receptionist and moved quickly through the ranks to become a valued member of our team. As Owner Liaison Officer, she acts as liaison for all of the owners on the resort, dealing with a range of issues that impact owners. Juandr  is constantly learning new skills and is often found assisting the General Manager with new and interesting tasks.

When not at work, Juandr  loves to exercise and she attends Pilates and yoga classes on a regular basis. Juandr  was a keen netball player at school and she still participates in netball events in the area. She enjoys going clothes shopping in one of the nearby malls and relaxing in front of the television.

What Juandr  love most about living on the West Coast?

Juandr  was born in Namaqualand so feels at home on the West Coast, which she says has the same atmosphere of a 'plattelandse dorpie' (countryside town). Although she keeps busy with her work, she appreciates the more laid-back lifestyle and lower stress levels of life in a seaside town.

NEW DEVELOPMENTS ON THE MARINA

2017 saw the completion of the modern, luxury Marina Village apartments, which have quickly become an integral element of the quayside vista of Club Mykonos. In 2018, another exciting new development will take shape on the far shores of the lagoon – the residential estate, Marina Edge.

Marina Village

Regular visitors to Club Mykonos would have witnessed the evolution of Marina Village from a rocky beach of reclaimed land adjacent to the resort's dockside restaurants, to an upmarket residential development consisted of 25 luxury apartments.

Building on the shores of a lagoon is a complex process and took a lot longer than anticipated as builders hit a rocky ridge where underground services had to be installed. Initially the development comprised only 2- and 3-bedroom units, but due to a high demand for bigger units, the duplex apartments were reconfigured to add four additional 3-bedroom units and a 4-bedroom unit. The development was successfully sold out by December 2016, at record rates for the Langebaan area.

Photography: Tammy Lieberman

Marina Village now consists of 7 penthouse apartments and 18 duplex apartments which are in keeping with the distinct Greek Village aesthetic of Club Mykonos, with a modern yet Mediterranean feel. The spacious apartments boast generous balconies or decks from which to experience the breathtaking West Coast sunsets. Marina Village has private access to the Marina and a private contemporary pool.

Several of the units in Marina Village are available for rental. Please contact the Club Mykonos Resort on 022 7077000 to make a booking.

Above from the top: Panoramic view of Marina Village across the lagoon to the Marina Edge development plot; Marina Village has a gorgeous view over the harbor; The private swimming pool at Marina Village

Marina Edge

The Marina Edge development is situated in one of the most exclusive precincts of the Club Mykonos resort and is intended for private residential purposes only, similar to the Aegean Heights Development. Marina Edge comprises 16 erven overlooking the Mykonos Marina. Approval of the subdivision of the erven is imminent and services will be installed in the first quarter of 2018.

The architectural vision for the development is consistent with the traditional architecture of the Greek Islands but is adapted to suit a contemporary architectural interpretation which matches a modern lifestyle.

The sales prices range from R2 million to R3,25 million and to date, 9 of the 16 erven have been sold.

Please contact Peter Wagenaar (082 553 3396) or Annerette Fourie (082 452 1930) for more information.

Die Jaloersbökkies se debut album 'Pieknieklidjies' is landwyd beskikbaar

VANWAAR DIE JALOERSBOKKIES?

Die Jaloersbökkies is soos 'n goeie kerrie; drie dele eg-Kaaps en 'n deel Transvaals, 'n knypie sout en 'n titteltjie 'spice', met geure van die hede en die verlede. Die kleurvolle Afrikaanse musiekgroep bring vir ons tradisionele Afrikaanse liedjies in 'n nuwe eiesoortige formaat en hou op dié manier hulle herkoms en huismusiek aan die lewe vir die jonger generasie.

Ek gesels met Jawaahier Petersen, dogter van die Suid Afrikaanse musiekglegende Talië Petersen, 'n stigterslid van die Jaloersbökkies

Wat is die storie agter Jaloersbökkies?

Ek het Nedine Blom ontmoet by Die Burger Pops in 2011 waar ons albei opgetree het. Sy het pas verhuis van Pretoria na Kaapstad en ons het in kontak gebly op sosiale netwerke na ons ontmoeting. Sy het my op *Twitter* bly pols vir 'n lekker Maleise kerrie-eetplek en so het ons heen en weer gesels en uiteindelik besluit om te gaan koffie drink.

Die koffie drink het gelei na 'n 'jam'-sessie en ek het my broer Ashur saamgenooi wat enige instrument kan speel. Ons raak toe aan die sing en kom agter dat ons met dieselfde Afrikaanse huismusiek grootgeraak het. Liedjies soos '*Daar kom die Alabama*' was deel van beide ons kinderdae. Nedine vra toe hoe ken ek haar liedjies, en ek sê toe dit was dan onse grootwordmusiek.

Dit was 'n 'aha moment' toe ons beseft dat dieselfde liedjies deel was van ons verskillende kulture en dat, as ons dit saam sing, ons brue bou. Ons kan dus fokus op dit wat ons saambind.

Wat behels dit om 'n Afrikaanse musiekgroep te wees in 2017? Wat is die uitdagings?

Die Afrikaanse mark is baie kompetender. Ons ding mee met groot musieksterre en ons het geweet ons moet met iets unieks vorendag kom.

Op 'n meer persoonlike noot was die grootste uitdaging vir my die taal self. Ek is van die Kaap,

Bo: Junaid Galant, Ashur Petersen, Jawaahier Petersen en Nedine Blom

maar het eintlik Engels grootgeword. In Graad 8 het ek geleer rondmondse Afrikaans praat. Nadine verteenwoordig Boere-Afrikaans en ons Kaapse-Afrikaans. Die uitdaging was; hoe verteenwoordig ons albei kulture in ons musiek. Hoe gaan ons gedeeltelik ons herkoms vier sodat ons dit almal saam kan geniet? Ons is immers albei Afrikaans, dit maak mos nie saak hoe jy die taal praat nie.

Vertel ons meer van julle interessante musiekstyl en instrumente. Wat maak julle klank uniek?

Die Jaloersbökkies se musiekstyl is teatraal en gegrond in die 1950s styl; bont rokke, handskoene en strikkasse gee die optredes 'n tydloosheid en oorspronklikheid.

Behalwe 'n trompet en kitaar gebruik ons soms 'n kontrabas. Ons speel meestal as 'n kleiner groep en indien moontlik gebruik ons meer instrumente. Jy sal verbaas wees hoe mooi 'n trekklavier en 'n Ghoema-drom saam klink.

Die kern bly dieselfde, maar dit is belangrik om musikante af te wissel en 'n optreekans aan jong musikante te bied.

Jou Pa is die legende Taliep Petersen. Watter impak het hy op julle musiek gehad?

My Pa het ons met hierdie musiek grootgemaak en het sterk gevoel dat die liedjies van ons voorgeslagte nie moet uitsterf nie. Hy het natuurlik ons passie in musiek aangewakker, maar ons moes belowe om eers 'n graad agter ons naam te kry voordat ons die musiekwêreld aanpak.

Ons sing ook graag liedjies van sy laaste Afrikaanse album Deur Dik en Dun – vrygestel die jaar van sy dood. Ek en my broer Ashur wil hierdie legende voortbou en wil nie hê die omstandighede van sy dood moet sy briljante bydrae aan Suid-Afrikaanse musiek en teater oorskadu nie.

Wat is die belangrikste lewensles wat julle by julle Pa geleer het?

"Hou vir jou plat soos 'n minora blade." (Bly nederig)

Julle het in April maand vanjaar 'n Ghoema gewen vir Beste Boeremusiek-album of Tradisionele Musiekalbum. Wat beteken dit vir julle?

Dit was 'n baie groot verrassing. Ons het *Pieknikliedjies*, ons debuutalbum ingeskryf en nie regtig gedink ons staan 'n kans nie. Dit het ons net verder aangespoor.

Waar speel julle die graagste?

Ons speel waar ons genooi word. Ons het al groot feeste soos Klein Karoo Nasionale Kunstefees,

Woordfees en Aardklop gespeel, maar die lekkerste is die klein dorpietjies soos Koekenaap waar mense meer spontaan is en die musiek werklik geniet.

Vertel vir ons 'n Jaloersbakkie geheim.

Ons kan lekker lag vir mekaar se sêgoed. Daar is sêgoed in Kaapse en Transvaalse Afrikaans wat ons nie mee groot geword het nie. My oë het byvoorbeeld gerek tot Nedine eenmaal my "imposante uitrusting" komplimenteer.

Watter advies het julle vir jong Afrikaanse musikante wat in die musiekbesigheid intree?

Hou een voet stewig in die regte wêreld.

Ek het 'n meestersgraad in maatskaplike werk en Nedine 'n meestersgraad in internasionale reg, so ons is albei bevoorreg genoeg om een voet in die werklikheid te hou.

Party musieksterre word so verafgod deur die publiek en op sosiale netwerke bewonder dat hulle 'n handelsmerk sien as hulle saans in 'n speel kyk. Dit is 'n hartseer oomblik as jy jou *'authentic'* self verloor.

My raad is; *"surround yourself with real people and stay grounded."*

Waar kan mense julle sien speel?

Ons bakkiejol by Mykonos Festival in Langebaan 15 Desember 2017.

Nooi ons gerus na jou dorp toe.

R50 per kid (14 years and younger)

Club Mykonos cares about...SAVING WATER

With the Western Cape in the throes of the most severe drought in a hundred years, water conservation has never been more of a critical issue in the hospitality industry. The City of Cape Town has introduced Level 5 water restrictions which limits water consumption to 87 litres or less per person per day, wherever you are, even if you're on holiday.

As we enter our summer season, we at Club Mykonos are intensifying our efforts to save water, store it and re-use it, while limiting the resort's impact on the environment and the municipal water supply.

These are some of the initiatives we have adopted in the face of the water crisis:

- Signing of the FEDHASA (Federated Hospitality Association of South Africa) water-saving pledge. This pledge indicates our commitment to develop, implement, operate and market a water-saving culture that upholds a commitment to a water wise industry.
- Installation of 6 tanks with a capacity of 55 000 litres to collect rain water for use across the resort.
- Changing of the filtration systems on all swimming pools.
- Cessation of all irrigation and watering of gardens and grass areas.
- Installation of water-efficient plumbing fittings and water-saving devices wherever possible.
- Placement of plastic buckets in the showers in every Kaliva, so that guests can assist us by saving their excess shower water to flush toilets and to water the gardens and plants around the resort.
- Placement of water-saving stickers in every Kaliva encouraging guests to 'Think before you flush' and to use the plastic shower buckets provided.
- Use of collected rain water in our car wash and in the Boatyard (for maintenance and cleaning of boats).
- Replacement of towels and linen only at the end of each guest's stay, or on request if there is an emergency.

As always, we welcome our guests with open arms for a relaxing summer holiday, but please remember that we are experiencing a water crisis and that every drop counts! We would like to urge you to please assist us wherever possible by following the water saving tips below.

Here are some **SMALL** things you can do to help us make a **BIG** difference:

- 1 Shower, instead of bathing.
- 2 Take shorter showers. A 3-minute shower (or less) saves buckets of water. Or even better, have a romantic shower together!

- 3 Reduce the flow of water. Turn taps on to a gentle medium range rather than full blast.
- 4 Shower with the plastic bucket provided and use the collected water to flush the toilet, or leave it to be collected by our staff to water the gardens.

- 5 Report leaking toilets and taps immediately to maintenance or reception.
- 6 Think twice before flushing your toilet - only flush when necessary and when possible, use the collected shower water to flush.

- 7 Use water sparingly for food preparation and cooking.
- 8 Leave your empty water bottles in the Kaliva or at collection bins at reception.
- 9 Turn off taps when washing your hands, shaving and brushing your teeth. Use a cup of water to rinse your mouth, toothbrush and razor.

- 10 Please hang up your used towels to dry, so that they can be re-used during your stay. Towels and linen will not be replaced during your stay unless you urgently need a clean set.

Water conservation is a long-term initiative for Club Mykonos and we are committed to continuously innovating and finding new ways to reduce our water footprint, so watch this space!

CLUB MYKONOS
LANGEBAAAN

SAVE WATER AND WIN A BOAT CRUISE FOR 4 WITH ELITE CHARTERS AND CLUB MYKONOS

Water is our most precious resource and we can all play a role in helping to ensure that we don't run dry. Tell us what you have done to reduce your water footprint and stand a chance to win a boat cruise for 4 people with Elite Charters.

To enter, please send an email with your water saving initiatives to info@clubmykonos.co.za

Please use the subject line 'Meraki Competition'.

Entries close on 28 Feb 2018.

The winner will be selected on 1 March 2018 and will be published in our next issue.

FOOD ABOUT TOWN

PEARLY'S ON THE BEACH

Photo: Tammy Lieberman

Locals will all tell you that a visit to Langebaan is incomplete if you haven't had a meal at Pearly's Restaurant. Ideally situated right on the beachfront overlooking the Langebaan lagoon, just a short drive from Club Mykonos, Pearly's is a great spot for watching kite surfers during the day, enjoying sundowners and magnificent sunsets in the evening and experiencing the ambience of West Coast hospitality at night.

Founded in 1993 as a vibrant and noisy beachfront pub and restaurant, Pearly's originally catered to Special Forces and Airforce crew stationed at Langebaanweg Airforce Base and the Saldanha Steel Crew. It has since evolved to become an iconic Langebaan landmark and one of the longest-standing and most popular restaurants in town.

Pearly's offers a full a la Carte menu boasting a large variety of foods, including Breakfasts and light meals, Pizza, Pasta, Seafood and Grills. Restaurant manager, Walter Muller, who has worked at Pearly's for 11 years, explains that the philosophy at Pearly's is to offer both quality and quantity at a really good price. "Our guests either leave here with a full belly or with a bag of food to take home, especially if they have ordered one of our stir fries or platters. Nobody ever leaves here hungry", says Muller.

I visited Pearly's on a Thursday evening and found the restaurant packed almost to capacity. The atmosphere was casual and welcoming, but the

service was professional and I felt very well looked after by a friendly and experienced waitress who has been working at the restaurant for 8 years.

I ordered the Portuguese prawns, pan fried in a delicious sauce of coriander, garlic, chilli, paprika and lemon, and served on a bed of rice. As promised, the portion, which included 10 queen prawns, was substantial and absolutely delicious, and left me with little room for the side Greek salad I had ordered. The drinks menu is also extensive, with a fairly large wine list of inexpensive to moderately-priced wines (including a variety of options to purchase by the glass). I enjoyed one of the local Craft Beers on tap from the Black Eagle Brewery, which I recommend trying as an alternative to your regular brew.

The dessert menu is a little more limited, but includes some popular favourites for the whole family, like malva pudding and baked cheese cake. All of the desserts are homemade at Pearly's, and the lemon meringue that I sampled hit the right spot after an all-round enjoyable meal.

Location: On the Beach, Bree St, Langebaan
Hours: Monday to Thursday 9am-10.30pm;
Friday and Saturday 9am-11pm;
Sunday 8.30am-10pm.

MYKONOS OFFSHORE REGATTA 2018

Photography: Ashleigh de Villiers

Each year in February, when the southeaster blows from Cape Town to the West Coast, close to 100 boats can be seen flying across the ocean in the biggest and most exciting offshore keelboat race in South Africa. In 2018, the Mykonos Offshore Regatta will take place on 9 and 10 February and promises to be a highlight in the sailing calendar.

The fleet will leave Table Bay on Friday 9 February and will race up to the finish line just off Club Mykonos. The course is structured into three races: Race 1 is from Table Bay to a 'gate' off Dassen Island; Race 2 is from Dassen Island to Club Mykonos; and Race 3 is the complete distance of 70 nautical miles (120km) from the start in Table Bay to the finish off Club Mykonos via the Dassen Island Gate.

Depending on the wind and weather conditions and the size and speed of each boat, the race to Club Mykonos can take between 6 to 18 hours or even longer. The larger boats usually start arriving at Club Mykonos at around 5pm, while some of the smaller boats will only arrive in the early hours of the morning.

On Saturday the 10th there is a pursuit race that follows a set course around the perimeter of Saldanha Bay. In this race, each boat is allocated its own start time with the slowest boat setting off first and the fastest boat last. The race is a firm favourite of the weekend, as the faster boats try to race ahead of those that got a head start, and the boats in front try and make sure that they are not passed by those behind them!

The event is a spectacular sight for spectators as the mass of colourful spinnakers race their way across the bay.

According to Andrew Collins, Chairman of the Mykonos Offshore Regatta, the race weekend is always packed with fun and entertainment, with sailors from around the country coming together in a festive celebration of the sport of boat racing. The weekend culminates in the prize giving and a massive after-party at Club Mykonos on the Saturday evening.

CLUB MYKONOS
LANGEBAAN

QUARTERLY EVENT REVIEW

Throughout the year, Club Mykonos plays host to a variety of fun-filled, exciting events. The last quarter of 2017 was no exception. These are some of the highlights of the past few months.

Photo: Morrike Opperman

LANGEBAAN HALF MARATHON 2017

The annual Langebaan Half Marathon hosted by Club Mykonos & Arcelor Mittal took place on the 26th of August. Participants could select from distance options of a 5km fun run, a 10km run and a 21.1km half marathon. The beautiful scenic route consisted mostly of flat, tarred roads with several exciting water points. The popular half marathon grows in popularity every year and this year over 1037 runners took part. All participants received medals and a lucky draw added to the excitement of the day.

HERITAGE DAY BRAAI COMPETITION

To celebrate Heritage Day this year, Club Mykonos hosted a Braai Competition, complete with a host of celebrity judges. Most of the participating teams were from corporates that saw the competition as a wonderful teambuilding experience. Each team of four was required to cook a 3-course meal on the fire, and was scored according to its theme and menu. The celebrity judges included 'Ultimate Braai Master' winner John Grundlingh; KykNet's first Kokkedoor winner, Tiaan Langehegger; renowned West Coast Chef School's Gerhard van Rensburg; and Club Mykonos GM Jon Kilroe-Smith.

Photo: Meruscha van Rooyen

The teams were undeterred by the dreary morning weather, and with the excitement of the competition and the accompanying live music, both participants and spectators

Hobie 16 Photography by Roger Lagesse

ended up dancing in the rain. Craft beer stalls including Stellenbosch Breweries, Camelthorn and Darling Cellars were in high demand, and the popular local ‘Weskus-band’ Dans Frikkie Dans gave a memorable performance that had people on their feet, celebrating local heritage in true West Coast style.

HOBIE 16 NATIONAL CHAMPIONSHIPS

The Hobie 16 South African National Championships that took place at Club Mykonos from 30 September to 3 October saw some of the world’s top sailing champions take to the waters in Langebaan in an unforgettable race.

This year the competition was extremely tough, with current Hobie 16 world champion Daniel Bjornholt Christensen and his brother Nicolaj from Denmark competing against the current and former Hobie World Champions Blaine Dodds, William Edwards, Shaun Ferry, Matthew Whitehead and Douglas Edwards. A host of other extremely talented local sailors made up the remainder of this very competitive fleet.

The competition kicked off with ideal sailing conditions- strong 20+ knot winds that increased later in the afternoon. The fleet of 38 boats took to the water to complete four races and at the end of the first day, Blaine and Roxanne Dodds were declared the winners. On the second day the Race Committee decided to make the most of the conditions and 5 back-to-back races were

***Above:** Sailors face a windy challenge during the Hobie 16 National Championships*

***Opposite top:** Teams braai up a storm at the Club Mykonos Heritage day Braai Competition*

***Opposite bottom:** Starting line at the Langebaan Half Marathon*

completed, kicking off with a big swell from which the sailors could launch their boats.

After these 5 tough races, which left many of the sailors sporting raw fingers, sore muscles and aching joints, the crews headed off to the ‘Hobie Legends Party’, which took participants on a nostalgic journey back in time through the history of Championships.

It was no surprise when, after all 12 races, Blaine and Roxanne Dodds took the 2017 Hobie 16 South African Championships, in spite of Roxanne breaking her finger during the last race! Blaine Dodds was awarded first overall winner as well as first Grand Master, while William and Lucinda Edwards took second place as well as first Master. Klaas de Rooy, aged 73 (who is a true inspiration and never misses a race) and his daughter Linda, aged 39 – were declared the Double Grand Master team.

Climb on board with Club Mykonos Boatyard's **NOLLIES VAN DER MERWE**

Boating was his first love, and together with his lovely wife and daughters, is likely to be his last. In this feature, Boatyard's manager and co-owner, Nollies van der Merwe reveals some little known gems from his childhood near Langebaan, shares his passion for boating and explains how the Club Mykonos Boatyard has grown into the best boat storage and maintenance facility on the West Coast

The Early Years

Nollies van der Merwe's journey in the world of boating began in the year 1969, when his father and some friends obtained a hundred-year lease for the old whaling station at Donkergat in Saldanha Bay. One of Nollies' earliest memories is travelling to Langebaan by boat with the other children to do the shopping for the families living in Donkergat. "They paid us a tickey (that's 5 cents) for each bag of shopping we brought back with us", recalls Nollies.

Then in 1973, Nollies' father started laying an underwater cable to supply Donkergat with power. Nollies laughingly remembers that he, together with the other children in the community, participated wholly in this venture. They were smaller and quicker, and had little fear of diving down into the murky darkness of the lagoon, so they became the primary workers in laying the cable. Today, this same cable is still the main power supply to the Donkergat Military Base.

Sadly for the Van der Merwe family, just three years later, in 1976, the South African government took Donkergat back for military use and gave all resident families three months to vacate their homes. Many of the home owners were devastated by this loss and never returned to the area. Nollies moved away with his family, first to Stilbaai, and then to live in Brackenfell, where he spent the remainder of his primary school days. However, the seed of his love for the West Coast had been planted, and when he reached adulthood, Nollies quickly returned to Langebaan and to the lagoon he had played in as a child.

Love, adulthood and Langebaan

At the age of 21, with his adult life before him, Nollies invested in his first boat, and while he spent his weeks working in the building trade,

he packed his bags every Friday afternoon to spend the weekend boating with his friends in Langebaan. At 26, he married the love of his life Loraine, and together they continued to enjoy weekends on the West Coast. “Our eldest daughter grew up in Langebaan”, says Nollies. “She learnt to ride a bike here, and was one of the first children ever to ride on the back of a Club Mykonos donkey”.

In 1994, Nollies and Loraine moved to Pretoria for work, but never stayed far away from Langebaan for too long. They bought a chalet at Leentjiesklip in Langebaan, kept their boat in storage in Moorreesburg, and came on holiday to Langebaan regularly. From 2007, they moored their boat in the Mykonos Marina for three months a year.

Beginnings of a great idea

Nollies explains that during their regular visits to Langebaan, dating back to the mid 1980’s, he and Loraine always noticed broken down trailer boats on the West Coast roads, with little available assistance. They also commonly saw people struggling to get their boats launched in the water, and they often chatted about how useful it would be to have a Boatyard facility in the area where boats could be stored, maintained and repaired.

Above: The Boatyard in 2017
Left: The land on which the Boatyard stands, just before development started in 2011

Trematon and Nollies van der Merwe, and the Club Mykonos Boatyard was born.

Development of the Boatyard

Earth works for the Boatyard commenced just after the Easter weekend in 2011, and the official handover of the land took place that June. Building materials were difficult to come by, and 60% of all materials had to be brought in from Gauteng. In spite of these difficulties, the first phase of the Boatyard was opened in December 2011. It comprised twenty 10.5 metre garages, nine 9m garages and thirty five 6.5 metre garages for boat storage.

During the first 18 months of operation, Nollies and Loraine ran the Boatyard entirely alone. They washed, cleaned and looked after the boats, participated in boat shows and looked after all administrative functions. In 2012, a workshop mechanic and cleaners joined them, and the team continued to expand over the following years.

In 2009, Nollies and Loraine started scouting the area for available land for a Boatyard. After several near misses, Nollies began to explore the viability of obtaining land at Club Mykonos. In February 2011 he met with the board members of Club Mykonos holding company, Trematon Capital Investments. In the midst of this meeting, as Nollies was elaborating on his passion and vision for the Boatyard, one of the decision makers started walking out of the meeting. "I thought it was all over", says Nollies, "but then the guy turned around and said – 'I've heard enough, I'm sold'".

And the rest, as they say, is history. In March 2011, a joint venture was formed between

The Boatyard Today

In December this year, the Club Mykonos Boatyard will have been running for six years, and has become an integrated part of the Club Mykonos service offering. It has 257 lock-up units in different sizes to accommodate different storage needs. There is also safe outdoor storage.

The workshop and the Boat shop have grown to comprise 50% of the business, and the shop has the agency for numerous top brands including Suzuki, Vetus Maxwell, Mercury, Lalizas, Yanmar and Meaco. The Boatyard also works in partnership with Club Marine Insurance, offers a cleaning and launch service, obtains lagoon permits and does all COF's (certificates of fitness) on behalf of owners.

For any Boatyard enquiries or for more information, please feel free to contact Nollies or Loraine van der Merwe at 022 772 2259 or visit the website at www.theboatyard.co.za

Also in 2012, to offset the high building costs of the new development, the Boatyard was expanded to include a workshop for boat repairs and a shop stocking equipment and paraphernalia for boating enthusiasts.

- **Contact:** 082 372 8637

GAMING & GIVING

at the Mykonos
Casino

This year, Clive van Groeningen, Director of Operations and Complex GM of Mykonos casino celebrates 30 years in the Gaming industry. We caught up with him over coffee at the Marisol Diner to chat about his experiences in the industry, the evolution of the Mykonos Casino and the CSI projects of the West Coast Community Trust, which is funded by the Casino.

There are few people who are as knowledgeable and experienced in the world of Gaming in Southern Africa as Clive van Groeningen, whose career was launched when he joined one of the country's oldest casinos as a temporary technician after completing his electrical trade qualifications over 3 decades ago. During this time, Clive has worked in 10 casinos (two of which he was involved in opening), lived in 7 provinces and moved home 22 times! Clive attributes his success and upward mobility in the industry to his adaptability and willingness to move as the job required.

According to Clive, the industry has evolved significantly in his lifetime. "When I first started,

slot machines were mechanical and now they have become these incredible hi-tech video-type games. With the latest developments in technology, even the table games have advanced considerably." He relishes being part of such an exciting and constantly changing industry. "Over the past 30 years, no two days have ever been the same", Clive says. "This isn't a job, it's a way of life, and I've had a fantastic career".

Clive joined the Mykonos Casino in 2004, four years after its doors first opened to the public. The casino was housed in the Club Mykonos conference center, where it is still located today. At that time it had 250 slot machines and 12 tables, and was developed to increase tourism

Above: CSI projects of the West Coast Community Trust, the Moves for Life MiniChess Programme and the FDSA Youth Centre in Velddrif.

to Club Mykonos and to the town of Langebaan. In 2003 Mykonos Casino won the ‘Casino of the year’ award under the Gold Reef Casino group and then in 2009 this prestigious award was won again under Clive’s management.

Today Mykonos Casino is 17 years old, and is one of the only five licensed casinos in the Western Cape, falling under the ownership of Tsogo Sun. In order to keep up with demand and to maintain a fresh upmarket and modern feel, the Casino has been through a number of refurbishments over the years. The casino now boasts 320 state of the art Slot Machines and 6 vibrant table games. It also houses the sumptuous buffet restaurant, ‘The Black Pearl’, a sit-down diner, a video games room and a colourful sweet shop, and has become one of the premier entertainment destinations on the West Coast.

Never forgetting its community responsibility, the Mykonos Casino contributes an annual amount of 5% of its pre-tax profits to the West Coast Community Trust, of which Clive van Groeningen is chairperson. The Trust has donated several million rands to projects that focus on the upliftment of disadvantaged children and families in the neighboring community.

The Trust is passionate about education, and some of its key programs include:

- The ‘Moves for Life MiniChess™ Programme, where all Grade 1 and 2 learners in 19 West

Coast schools are taught basic math, science and life skills concepts in a fun and playful manner through chess.

- The FDSA Youth Centre, a non-profit organization in Velddrif, which provides social, nutritional and educational support to the vulnerable children in the community. Through the FDSA, over 400 meals are provided daily to children and the frail and elderly. Their other projects include a vegetable garden and olive grove where gardening and small scale farming skills are taught to local jobless people to create a sustainable income.
- The e-Beam project, a revolutionary, interactive whiteboard solution that literally turns any flat surface into an interactive screen and brings lessons to life by allowing students to get up, participate and collaborate with each other, all the while harnessing the power of live data, media and other web resources and tools. Six primary schools in the Saldanha area are already benefitting from this program and have seen really fantastic results.

For more information and to find out about upcoming events and entertainment at the casino, please visit www.mykonoscasino.co.za

Club Mykonos is a community of several thousand people who are united by their love of the West Coast and the beautiful natural setting of the Club Mykonos resort and its various residential and commercial components.

Resort management is constantly looking for ways to enhance the experience of residents and guests and there have been several incremental improvements over the past few years with the result that the resort is now recognized as one of the best large resorts in South Africa. We are very proud of our resort manager, Jon Kilroe-Smith, who has received yet another accolade as the best manager of a large resort at the RCI awards ceremony.

We strive to maintain the character of Club Mykonos by keeping the older buildings in good repair while ensuring that the newer developments retain the ethos of the original architectural scheme. We have also ensured that the resort is 'future proof' by reticulating the entire resort with fibre and Ethernet and ensuring that we have the capacity to deliver HD Television and Wifi to guests.

Living in Africa and being exposed to the wild storms of the West Coast has its interesting moments, but one is always struck by the friendly atmosphere at the resort where most of the guests and staff have a ready smile.

Every festive season is a very special time at Club Mykonos. A time when families are free to relax together away from the pressures of work and enjoy the ocean and nature. December 2017 comes with a lot of uncertainty in our country but Club Mykonos will always do its best to provide the relaxing holiday experience that you have come to expect.

On behalf of the resort management team and the HOA board we'd like to extend our warmest festive season greetings to all of our residents and guests.
