## ENJOYING A SAFE ENVIRONMENT

### TEAM WELLNESS

All team members are monitored daily for any signs of illness when they arrive to work.

### CLEAN ENVIRONMENT

We've implemented heightened cleaning procedures as recommended by the CDC, sanitizing frequently touched surfaces throughout the day, and taking extra care in room cleaning.

### MASKS

Masks are to be worn at all times by our team members, and we ask that you wear a mask when in the public areas, and not. If you do not have a mask, we will provide one.

### SOCIAL DISTANCING

Please respect social distancing and remain 6ft apart from other guests and our team members in all public areas.

### HAND SANITIZING

Our team is washing & sanitizing their hands frequently throughout the day, & we ask that you take advantage of the sanitizing stations in the venue.

### MINIMIZING CONTACT

With the help of technology and re-imagined processes, we have limited unnecessary contact between team members and guests.
