

THE WINDSOR

MELBOURNE

AFTERNOON TEA

With our much-anticipated reopening, our Afternoon Tea this season takes a look back to the past. We are bringing back the familiar flavours of yore, honed from our years of service.

There is particular cause for celebration this time, and French sparkling wine or Champagne will await you on arrival. Also included is a selection of coffee or eleven specialty teas; the teas brewed to order at our new tea bar to bring out their best characteristics.

Finally, with the warmer weather, we have added a range of cold brew teas and coffee that you can add on and enjoy with your Afternoon Tea.
