# Go Hybrid

The need for new ways to meet and engage is bigger than ever - Encore has been seamlessly connecting in-person and virtual audiences with hybrid solutions for over 20 years.

Finding a professional production partner who can meet both the in-person and virtual requirements is the new challenge facing event planners.

Encore offers a full-service solution for hybrid events combining production excellence with cutting-edge virtual technology.

We have vast array for solutions, technologies and packages to suit the specific goals of your event. Contact the team today to discuss your event brief.

Host a broadcast quality virtual event direct from our studio

## Encore Studio

Our turn-key virtual event studio solution offers state-of-the-art technology and facilities for a wide variety of online events and delivers professional footage in a styled environment for any purpose.

Deliver your event with confidence knowing our team of expert technicians are on-site to deliver a seamless experience. Our team will support you with all aspects of virtual event production from planning to rehearsal, presenter direction and virtual stage management to execution and post production.

The Encore Studio is a versatile space for you to deliver your message virtually for a range of events and purposes. Examples of applications include:

- > Live streaming of events from gala dinners to AGMs
- > Recording events and presentations
- > Internal video messages and company announcements
- > Interactive webinars and ongoing virtual event series

## Immersive XR Stage

With virtual and hybrid events becoming an everyday reality, event planners need a sophisticated solution to deliver engaging virtual presentations. That's why we've introduced Immersive XR Stage. Using the latest extended reality technologies, Immersive XR Stage enables you to create dynamic, live productions integrating live presenters and multimedia in a 3D virtual environment.

Our Immersive XR Stage is the perfect platform for delivering a highly engaging and interactive presentation for all kinds of events - large or small. Using Encore's production studios and supported by our team of experienced technicians, we can help you deliver your event virtually with amazing 3D effects.

Deliver your most engaging presentation yet with our virtual stage for virtual and hybrid events

Turn your in-person event into a virtual or hybrid event with Chime Live

## Chime Live

When you need to combine high-quality video streaming with interactive attendee capabilities you need Chime Live.

Chime Live combines high quality video streaming in the award-winning Chime attendee platform to deliver engaging, transformative and insightful meetings. Chime Live can help overcome the challenge of bringing remote presenters and participants together for your event. At home, at work or at the venue, Chime Live connects everyone via live stream, enabling you to carry on with keynote presentations, topic streams and breakouts as planned.

We've used Chime Live for events of all types and sizes:

- > Meetings & conferences
- > Awards nights, galas & charity fundraisers
- > Annual general meetings and company announcements
- > Graduation ceremonies
- > Weddings
- > End of year celebrations

## Webcasting

Maximise your event's impact by reaching a national or global audience and overcome distance, time zones or scheduling conflicts with webcasting. Webcasting lets you deliver your live or pre-recorded message on a highly customisable and sophisticated platform to stream live or on-demand. This means your virtual event will look as unique as your brand. Choose from:

- > Custom branding
- > Unlimited sized audiences
- > Hosting available
- > On-demand viewing
- > Registration, password protection and lobby available
- > Virtual producer and virtual stage manager support available

Engage your audience with a professional webcast
